# **2017 key stage 4 performance tables: qualifications in the technical award category**

**December 2014**

## Contents

Introduction	3
Headline performance measures at key stage 4	4
Discount codes	4
Qualifications that will be included in the technical award category in the 2017 key stage 4 performance tables	5
Technical awards of a similar size to one GCSE	5
Larger technical awards	10

## Introduction

This is the list of qualifications that have been approved by the Department for Education (DfE) for teaching to 14-16 year olds from September 2015. These qualifications will be reported in the **technical award** category of the 2017 key stage 4 performance tables (and published in early 2018). They will be reported alongside other qualifications such as full course GCSEs<sup>1</sup>, accredited IGCSE-style qualifications, AS levels and other Level 3 qualifications<sup>2</sup>. An update to this list will be published in February 2015.

Qualifications that have been approved for reporting in the performance tables for the first time are indicated with an asterisk (\*) after the title.

At level 2, qualifications can only be reported in the technical awards category if they are the same size or larger than a GCSE (120 guided learning hours). Qualifications that are larger than a GCSE will be reported as if they were one GCSE in size.

**Technical awards** are broad, high quality level 1 and level 2 qualifications that equip students with applied knowledge and associated practical skills not usually acquired through general education. **At key stage 4, students are encouraged to take up to three technical awards alongside a minimum of five academic GCSEs from the list of EBacc subjects<sup>3</sup>.** Further details about key stage 4 performance measures are available at the following link: [Progress 8 performance measure](#)

The list contains the qualification number and title and links to information about its purpose and value for further study. This will help students and parents decide which vocational qualifications best meet their learning needs and aspirations.

These links were correct on 10 December 2014. DfE cannot be held responsible for any omissions after this date. This is because the information is held on the website of the examination awarding organisation that offers the qualification. DfE will ensure that any omissions reported to them are corrected wherever possible. Please report any omissions to: [vq.reform@education.gsi.gov.uk](mailto:vq.reform@education.gsi.gov.uk)

Please note: Schools and colleges may offer qualifications that are not included in the performance tables, if approved for teaching to 14-16 year olds, where this is the best interests of each of their individual students.

---

<sup>1</sup> Please note that the only Level1/Level 2 English and mathematics qualifications that will count in the 2017 key stage 4 tables will be the new reformed GCSEs.

<sup>2</sup> Graded music qualifications and grade 6 and above and free standing maths qualifications.

<sup>3</sup> For further information see: the [School Performance Table user guides folder](#) and the "List of qualifications that count in the EBacc".

## Headline performance measures at key stage 4

In 2013, DfE announced significant reforms to the school performance tables. These affect the reporting of exams taken in the summer of 2016 onwards. The new headline measures for school performance will be:

- progress across 8 subjects (which we are calling Progress 8);
- attainment across 8 subjects (which we are calling Attainment 8);
- the percentage of pupils achieving a C grade or better in both GCSE or IGCSE English and maths;
- the English Baccalaureate<sup>4</sup>.

Further details about these reforms are available at the following link:

[Secondary school accountability consultation](#)

The qualifications listed in this document count for up to three of the eight subjects in the Progress 8 and Attainment 8 headline measures. They will not count towards the five slots reserved for English, maths and other EBacc qualifications.

Further information can be found at the following link:

[School performance tables methodology and technical guides](#)

## Discount codes

Qualifications which will count in the key stage 4 performance tables for the first time in 2017 have been allocated provisional discount codes. These are held in the [document library](#) on RAISEonline under 'Further details of the revised performance tables qualifications, discount rules and early entry guidance from 2014', with details on how to get in touch with the department if you believe any of the provisional discount codes should be amended and the deadline for submitting supporting evidence.

Final discount codes will then be published in early 2015.'

---

<sup>4</sup> Only AS levels taken early, GCSEs, established IGCSEs and EBacc level 2 and level 1/2 Certificate qualifications will count in the EBacc.

## Qualifications that will be included in the technical award category in the 2017 key stage 4 performance tables

### Technical awards of a similar size to one GCSE

The qualifications listed below are at least the size of one GCSE (a GCSE being measured as 120 guided learning hours). Up to three vocational qualifications can count towards the new Progress 8 and Attainment 8 indicators being introduced for performance measures based on 2016 exam results.

QN	Qualification Title	Size (GLH)	Subject area	Qualification Purpose Statement
<b>Level 2 and Level 1/2</b>				
601/1147/1	CISI Level 2 Certificate In Fundamentals of Business & Finance (QCF)	120	Administration, accounting and personal finance	<a href="#">Purpose</a>
